

HE HELPED MAKE CHICAGO.

L. A. Gilbert, the Great Land Man, Cured of Rheumatism by Paine's Celery Compound.

The most striking personality in Chicago, and the oldest real estate dealer, is Mr. L. A. Gilbert. Mr. Gilbert is now over 60 years of age; in the '50's he was in the Rockies gold hunting. Since 1868 he has handled more property in Chicago, and is known to more home owners than any other man in the business.

Mr. Gilbert at one time suffered from rheumatism and sleeplessness. He made trips to Hot Springs, and tried other methods of treatment without avail. To satisfy a friend who had taken Paine's Celery Compound for similar troubles, and knew what it could do, Mr. Gilbert tried it, and but a very short time elapsed before he was entirely freed from both these troubles. Mr. Gilbert himself says:

"Gentlemen: I have suffered with rheumatism and sleeplessness for years, caused by exposure while prospecting in the mountains years ago. For years I had to take electric bath massage and take trips to Hot Springs in order to get a little sleep and relief from pain. To cap the climax I have been suffering from indigestion and pains in the heart region. Paine's Celery Compound was recommended to me by friends who knew what they were talking about, and

I took it. From the start I noticed improvement, and I am now in the best of health and able to get around as lively as any youngster I know. Yours truly, "L. A. GILBERT."

The most rational way of getting rid of rheumatism, neuralgia and insomnia and getting back sound health is to use Paine's Celery Compound.

It is your business to furnish the body with nervous energy, as fast and abundantly as you can, and to get a richer, purer blood supply. There is no way in which this restorative process can be so swiftly brought about as by using Paine's Celery Compound.

There is nothing known to physicians of the most extensive practice agree to Paine's Celery Compound for purifying the blood and making strong, healthy nerves. Unremitting work at last brings down the vitality of the strongest men and women. Everyone has felt that ambitionless, listless feeling. There are many persons who manage to keep about their business because they are not sick, but who are nevertheless sadly out of health." Paine's Celery Compound ex-

actly fits the cases of these uneasy, sleepless, yellow-faced men and women. They are on the perilous edge of some organic disease. Paine's Celery Compound will drag them back and plant their feet squarely on firm ground. By regulating the nervous system and compelling the vitiated blood to gain a larger proportion of red corpuscles, all the organs of the body whose business it is to repair and rebuild the tissues are aroused. Paine's Celery Compound does not fail to increase the appetite, to augment the powers of assimilation, to increase the weight of the body, to purify the blood and to stop the progress of structural changes, when liver and kidney diseases have fastened themselves upon the system.

There is not a single city without some perfectly attested cure of liver or kidney disease, chronic constipation, salt rheum, plaguing extremities or general poor health, by the use of Paine's Celery Compound. Impaired strength and unstrung nerves, made known by numbness of the limbs, nervousness and a dissipated state of mind—all these weaknesses become things of the past after taking that best of health givers—Paine's Celery Compound.

Captain J. C. Gramann of the Grannan Detective Agency, Cincinnati, had to buy a lot of new shirts Thursday. The wash-crowman hung most of his out to dry on a line in the back yard the day before and a clothes line thief stole them.

Mr. John Bertram, an employe at the grocery of Mr. R. B. Lovel, met with a painful accident yesterday. He was moving some empty barrels on the elevator, when the crossbar fell and struck him on the forehead just over the right eye, inflicting a severe wound.

The designs for six of the fifteen main buildings of the forthcoming Tennessee Centennial Exposition have been accepted and the construction put under contract, to be completed by June next. The lakes and terraces have already been finished, and the Administration Building has been completed.

Our people are growing more and more in the habit of looking to Mr. J. James Wood for the latest and best of everything in the drug line. They sell Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.

Three Army His Cases. Mr. D. Wiley, ex Postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes.

He says the balm did him more good than all other medicines and treatments known to medical science. It is very respect a scientific medicine.

A Man Doesn't

need a great deal of jewelry, but what he does wear ought to be good. It is the most extravagant sort of economy to pay too little for such things. If a man buys good buttons and studs the question is settled for sometime to come.

Good things not only last longer, but they look better. Most all jewelry is worn largely for ornament. To be sure it has its uses, and very necessary ones, but the ornamental feature is a strong one.

I will not handle anything that isn't good. I have several grades, of course,—some better than others, but all are to be depended upon. J. BALLENGER, Maysville, Ky.

The following towboats passed this city Thursday afternoon and night: Raymond and Horner, Clipper, Cruiser, Henry DeBus, Pacific No. 2, Hornet No. 2, Resolute, J. C. Fisher, Advance, Onward, Belle McGowan, Sam Brown, Fred Wilson.

Mrs. Mary B. Green, wife of Captain Gordon Green, commander of the H. K. Bedford, has been granted a pilot's license for the Ohio river between Pittsburgh and Evansville. This is the first license as pilot ever issued to a woman in this district. She has secured a berth on the Bedford.

The river has begun to fall here. It is falling at all points above, and there is but 44 feet at Pittsburgh. The stage here is 17 feet 8 inches. It will fall rapidly from now on. At Portsmouth it fell 2 feet in the last 24 hours. The Kanawha and New rivers are both falling. Rainy weather prevailed yesterday over the entire Kanawha and Allegheny valleys, and the rain extends from Catlettsburg to Cairo and all along both the Missouri and Mississippi valleys.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular free.

A TORNADO

Great Loss of Life and Destruction of Property.

It is Known That a Large Number of People Were Drowned.

Coasting Vessels Either Driven Ashore or Foundered and the Boarded Coast. Nearly a Building Left in Town. Value—Property Loss \$5,500,000.

BREITENBURG, Que., Feb. 1.—Great loss of life and very large destruction of property have been caused in the northern part of this colony by a tornado. It is impossible as yet to tell how many persons lost their lives, but it is known that great numbers were drowned. The damage to property is estimated at \$5,500,000. Several coasting vessels are missing and it is believed that they have either foundered or been driven ashore, and that all on board of them were lost. Townsville, a seaport town, suffered more than any other place in the districts affected. There is scarcely a building in the town that escaped damage.

Advices from the Tonga islands show that a hurricane lately passed over them. Two ships from the island were wrecked and the thousands of coconut trees on the plantations were torn up by the roots, causing heavy loss to the natives.

INTERNATIONAL CANAL

Between the Great Lakes and the Atlantic Ocean—Canadian Commissioners Appointed.

WASHINGTON, Feb. 1.—The secretary of state is in receipt of a note from the British ambassador giving the names of the Canadian commissioners who are to meet and confer with the committee appointed by the president pursuant to the act of congress approved March 3, 1855, with a view to determining the feasibility of building such canal as shall enable vessels engaged in ocean commerce to pass to and from between the great lakes and the Atlantic coast. They are: O. A. Howard, M. P., international president Waterways association; T. C. Keefe, C. E., president of the American Waterways association; and T. M. Monro, C. E., president of the Canadian Society of Civil Engineers.

The commissioners representing the United States already announced are: James R. Angell, president of Ann Arbor university, Michigan; Lyman H. Colwell, civil engineer, Chicago, and John E. Russell, of Massachusetts.

No arrangements for the meeting of the joint committee have been made by the state department and it is probable that the matter will be left to the commissioners for settlement between themselves.

TRAINS COLLIDE

Engineer Killed and Freight Conductor Missing—Passenger Train Ditched.

DECATUR, Ill., Feb. 1.—Passenger train No. 42, the New York express on the Wabash, had a head-end collision at 10:35 Friday night with the third section of train 96, a freight train, consisting of eight empty box cars. The freight consisted of 44 cars, and was backing into the siding and 13 cars were still on the main track when the collision occurred. Engineer Ross, of the passenger train, a resident of Springfield, was killed, and Conductor Wheeler, of the freight, is missing. The passenger engine was turned over in the ditch. The passenger train is the regular Wabash limited express for New York and Boston. No deaths among the passengers are reported, and none are believed to be injured.

HOUSE PROCEEDINGS

Consideration of the District of Columbia Bill—House Passed.

WASHINGTON, Feb. 1.—The house Friday in the committee of the whole entered upon the consideration of a bill making appropriations for the District of Columbia, ending June 30, 1897, and after acting on some of its schedules the committee and the house took a recess until eight o'clock for the consideration of private pension bills.

The following bills were passed earlier in the day. Authorizing the secretary of the treasury to exclude from the operation of the internal revenue laws, except as to payment of taxes, brandies made from all fruits, as well as that made from apples, peaches or grapes, as provided in the present tariff law; changing the time of holding district and circuit courts in the northern division of the eastern district of Tennessee; joint resolutions to permit the society of Christian Endeavor to use the White lot just south of the white house, during its national convention in Washington next July, authorizing the secretary of the navy to appoint a naval cadet to the service of the sitting member (Crowley, dem.) on the unanimous report of the committee on naval affairs, and to the effect that he should not avail himself of the privilege accorded him Thursday or addressing the house for an hour in his own behalf.

At the night session of the house two private pension bills were ordered laid aside with a yeas-and-nays vote of 101 to 91. The session lasted two hours and a half, the major part of the time being consumed in filibustering by the opponents of the bill. The bill was passed on Saturday.

Expert McFarlane Declares the Venezuela Gold Mines to Be the Richest in the World. DENVER, Col., Feb. 1.—Edward McFarlane, a well-known mining engineer, of Colorado, and founder of the Denver Gold and Silver Mining Association, occupying two years. Mr. McFarlane proposes to organize a colony, proceed to the capital of Venezuela, apply for concessions from the government and lead the party to the gold fields in the disputed territory, which he says are the richest in the world.

In the opinion of Mr. McFarlane there is no danger of encounter with the British. He is of the opinion that the boundary line will be located without outside aid.

Confirgation at Jamestown, O.

JAMESTOWN, O., Feb. 1.—A m—An immense conflagration is now raging in the heart of this city. The fire is supposed to have started in the fancy stable of Mayor S. T. Baker and is spreading rapidly. The city is in a state of alarm. The fire is supposed to have started in the fancy stable of Mayor S. T. Baker and is spreading rapidly. The city is in a state of alarm.

Returned With Interest. ST. JOSEPH, Mo., Feb. 1.—Friday the secretary of the Commercial club received a draft for \$100 from Grand Island, Neb., a place being money with interest donated by the jobbers of this city to drought sufferers in 1894. A letter accompanying the draft says the farmers who were helped in 1894 raised good crops last year and intended to discharge their obligations. The money was sent as a gift, and its return was a surprise and something unprecedented.

Extreme Cruelty. MONTGOMERY, Ala., Feb. 1.—Miles Williams, a Negro, was driving a pair of mules here Friday, when one of the animals balked. This angered the Negro, who jumped from the wagon, took an end of a rope securely to the balking mule's tongue and hit the other end of the rope to the other mule and pulled the balking beast's tongue from its mouth, roots and all. Of course the animal died. Williams is in jail and will be severely dealt.

Three Divorces. SALEM, Ill., Feb. 1.—On the chancery docket of Judge Burroughs this morning there were three divorce suits in one family. Francis Seaver sued his wife for a divorce, and at the same time Steven Daniel and William Branch, sons-in-law of Mr. and Mrs. Seaver, commenced similar suits. All of the cases were disposed of in one day and divorces were granted. A general family disturbance caused the separations.

Republicans Senators Caucus. WASHINGTON, Feb. 1.—The republicans of the senate held a caucus Friday morning for the purpose of coming to some conclusion, if possible, on the subject of reorganizing the elective officers of the senate. Nothing was done, and after discussion of more than an hour an adjournment was taken until next Friday afternoon.

His Back Broken. PARKERSBURG, W. Va., Feb. 1.—Solomon Wildt, an employee of the R. & O. railroad in this city, was killed by a switch Friday morning and was struck by the wheel of the tender. One track passed over him, breaking his back. Wildt is yet alive but can not recover.

Jumped Into the Delaware. PHILADELPHIA, Feb. 1.—T. E. Hughes, of Philadelphia, jumped into the Delaware river Friday morning by jumping from the deck of the steamer Tallahassee, on which he was a passenger. He was rescued by a tugboat from Boston, into the Delaware river, his body was recovered.

ON THE MAP

That Was Published in London One Hundred Years Ago

The Limits of British Guiana Are Marked Out About the Same

As Venezuela Now Claims—The Map Will Be Forwarded to the United States for the Use of the Venezuelan Commission in Their Deliberations.

NEW YORK, Feb. 1.—A dispatch to the Herald from Caracas, Venezuela, says Antonio Fernandez, president of the state of Falcon, has telegraphed that in the archives of Coro, capital of the state and the oldest city in Venezuela, has been found a map published in London in 1794, in which the limits of British Guiana are given about as Venezuela asserts are right. Minister of Foreign Affairs Rivas sent an answer to President Fernandez thanking him for the information and asking him to send all documents he might discover which could aid the work of the special commission engaged here in copying and comparing maps, etc., for the boundary commission appointed by President Cleveland.

Reports from the west say that the revolution there still continues. General Rivas, who had started for Caracas, returned, and in a fight with the rebels killed the chief of the plot, General Carrizosa, who was recently released from the rotunda, has been rearrested in Puerto Cabello.

The city of Valencia, capital of the state of Carabobo, has been left in darkness because of a fight with an electric light company. A contract was made by the authorities with an American named Bird to light the city, but on account of the plan, he refused to allow the electric current to be turned on. Great confusion has been caused by the trouble.

BRIDGE GIVES WAY

Big Four Freight Train Goes into the Creek—Trambs Killed.

BAWENSBURG, Ind., Feb. 1.—An empty freight train was derailed on the bridge over the Tennessee creek, four miles west of town, at midnight. Cars were piled upon each other and toppled the bridge over into the creek below, carrying 31 cars down in the smash. The engine succeeded in crossing, but the rest of the train lies in a confused mass with the bridge in the head of the creek. Several tramps are killed and a number injured, but not until daylight can further particulars be had.

High Dempsey's Fardor.

PITTSBURGH, Pa., Feb. 1.—The pardon of Hugh Dempsey, who has been serving out a term in the Pennsylvania penitentiary for being implicated in the poisoning of workmen during the great strike at Homestead, was received by Warden Wright at an early hour this morning. At 10 o'clock Dempsey's wife, accompanied by two friends, drove to the penitentiary and after a touching scene, at 10 o'clock they, in company with the now ex-prisoner, drove away.
